Motivated and meticulous MCA graduate with a strong foundation in web development, core programming, and database management. Seeking a opportunity to leverage my skills in a strong and growth-oriented environment.

EDUCATION

K. K. Wagh Institute of Engineering Education and Research, Nashik　　**8.63/10 CGPA**
Master of Computer Applications　　　　　　　　　　　　　　　　　　　　*Nov 2022 - Jun 2024*

JET's Zulal Bhilajirao Patil College, Dhule　　**85.71%**
Bachelor of Computer Applications　　　　　　　　　　　　　　　　　　*Aug 2019 - Aug 2022*

SSVPS's P. R. Ghogrey Science College, Dhule　　**57.85%**
HSC　　　　　　　　　　　　　　　　　　　　　　　　　　　　　　　　*Jun 2018 - May 2019*

H. S. Borse Highschool, Kapadane　　**84.60%**
SSC　　　　　　　　　　　　　　　　　　　　　　　　　　　　　　　　*Jun 2016 - May 2017*

TECHNICAL SKILLS

Languages: Java, JavaScript, PHP, SQL, Python.

Frontend: HTML5, CSS3, Bootstrap5, ReactJS, TailwindCSS.

Backend: Spring Boot, Codeigniter3, NodeJS, Django Rest Framework.

Database: MySQL Workbench, MongoDB, Oracle, PHPMyAdmin(Xampp),PostgreSQL Admin.

Tools & Technologies: Git, GitHub, Xampp, Postman, Netlify, AWS, ChatGPT, Gemini.

Coursework Skills and Concepts: DSA, DBMS, MVC Architecture, OOPs, Microservices, REST API.

PROJECTS

- **Online Bookstore Application** ⬈　　　　　　　　　　　　　　　　　　Jul 2025
  - Built a full-stack application with **Python Django REST Framework (DRF)** as backend and **ReactJS with TypeScript and Tailwind CSS** as frontend.
  - Integrated **Stripe payment gateway** to enable secure checkout and order management.
  - Implemented authentication and authorization using **JWT with Djoser and SimpleJWT** for secure user management.
  - Designed relational database schema in **PostgreSQL** to manage books, orders, reviews, and users with proper relationships.
  - Developed dynamic features like **shopping cart, order history, review system, and user profile management**.
- **DhobiGhat Laundry Services** ⬈　　　　　　　　　　　　　　　　　　May 2024
  - Built a complete laundry management system with QR-based tracking for live order updates.
  - Designed and produced user interface using **HTML5, CSS3 and Bootstrap5**.
  - Implemented invoice generator and database logic using **PHP and MySQL using CodeIgniter3 framework**.
- **E-commerce Management System** ⬈　　　　　　　　　　　　　　　　Dec 2023
  - Proposed a e-commerce application with advanced features like payment gateway by integrating Rupay API in the system.
  - Designed and implemented a responsive UI using **HTML5, CSS3, Bootstrap5 and ReactJS for dynamic functionalities**.
  - Developed role based access by using **NodeJS, ExpressJS to create APIs and MongoDB** for the database operations.

CERTIFICATIONS

- HackerRank's Certification in Java ⬈　　　　　　　　　　　　　　　　Apr 2021
- HackerRank's Certification in SQL ⬈　　　　　　　　　　　　　　　　Apr 2021
- FreeCodeCamp's Certification in JavaScript Algorithms and Data Structures ⬈　　Sep 2022
- AWS Academy Certification in Cloud Foundations ⬈　　　　　　　　Feb 2024

ACHIEVEMENTS

- **2nd Highest** scorer in FYMCA & SYMCA.
- **300+** problems solved on GeeksForGeeks and **500+ Hackos** points on HackerRank.
- **2nd Highest** scorer in 10th Standard.

EXTRACURRICULAR ACTIVITIES

- **Event Coordinator** in College Event (ASCEND 2K23).
- **Participant** in College Event (Web Battle).
